Santa Claus Will Visit the Albany Pre-School Today

A beautifully decorated Christmas tree, presented by the Recreation Department and decorated by the mothers, captures the interest of all the little ones while joyful Santa smiles down on the happy children who are variously busy at play with toys, blocks, or puzzles; or sitting in little listening groups around a mother who reads about "The Night Before Christmas"; or being led by Mrs. Curran in raising their young voices in the old familiar strains of Jingle Bells! Jingle Bells!

The Christmas party itself is scheduled for Friday morning, Dec. 17 in the Pre-School room. On that day, which will be the last day of school until after the Christmas holidays, the regular program will be put to one side and all the children will gather at 10:30 to greet Santa Claus and to see what kind of a present he will have in his bag for each and every one of them.

Fire Chief Gives Three Rules for Holiday Safety

Three rules, which if closely followed will eliminate much of the danger from fire at Christmas time, are outlined by Fire Chief Fred Pimental in his annual Christmas message to Albany residents.

"Records in the past show," the chief said, "that most fires at this time of the year come from three sources; the improper use of candles, worn or broken Christmas tree light strings and package wrappings carelessly handled."

"The use of candles on trees has become practically non-existent but they are still used unwisely on mantles or as table decorations near inflammable materials."

"Using old, worn-out strings of lights on trees is dangerously false economy when the result may be a disastrous fire. Check all tree lights and if the wires are worn or broken discard them. A short circuit in tree lighting is one sure way to start a fire."

"In the excitement of opening presents on Christmas morning don't forget the danger of fire from wrappings. Delegate one of the family to pick up all paper and dispose of it where there will be no danger of a blaze."

In closing the chief extended the wishes of himself and all the men in his department for a very merry Christmas and a happy New Year to all the residents of this community.

Albany Soroptimist News

By BEA RAYMOND

The Soroptimist met Wednesday, Dec. 15 with President May Olson wielding the gavel. Our very fine musicians, Claire McGaw and Janet O'Keefe, started the meeting off in fine style by having all the members sing "Silent Night" and "Jingle Bells."

We had the pleasure of having Betty Webster and Lydia Jensen of Oakland as guests of Genevieve Douglas. Genevieve was program chairman and instead of having one gentleman on her program she had two. She will pay for that at the next meeting. Genevieve first introduced Rev. A. O. Odegaard, the very popular pastor of the Baptist Church in Albany. He, after a brief address, introduced the Rev. Thorbjorn Olsen who is in charge of the Scandinavian Seamen's mission in San Francisco. Through the duration of the war, he was an active member of the underground in Oslo, Norway. Reverend Olsen has been in his present position a little more than a year.

He brought us a great deal of information about some of the happenings during the war which were very sad but offset it by many of the things that are happening at the mission to make life easier and happier for the seamen who are in a strange land. While this is strictly a Scandinavian mission the doors are not closed to any homesick lad from any part of the world.

His talk was received with a great deal of interest by our members. When he made the statement that the coast line of Norway was eleven thousand miles long, I sort of put my tongue in my cheek and had "me doubts." Of course it has been a long time since I went to school and studied geography, so I looked it up and "darn it" he is right. But I had not taken into consideration the deep fjords which indent the coast.

Next week will be our Christmas party and I will give you the details after we have it.

Voters Reject Bond Issue To Build Library

Albany's library bond issue failed to carry a needed two-thirds majority in a special election held Tuesday in conjunction with the Alameda County Junior College election. The count of 1077 "yes" votes against 772 "no's" brought the issue short approximately 350 of the necessary margin.

City Clerk Myrtle McLean reported only 1854 ballots cast out of the 10,173 registered voters listed for this city. Early returns from Codornices Village and Veterans' Village heavily favored the issue. As ballots from property owner districts in the city began to be counted the "yes" votes began to give way to a majority of "no's."

Homemaking Today

By Barbara Foote
P. G. and E. Home Economist, Oakland

Potatoes deserve special attention in your menu planning, particularly when saving pennies is as important as it is now. There is good food value in potatoes—vitamin C, some of the B vitamins, iron and carbohydrates. You can use them in main dishes to stretch your supply of meat, fish, milk or eggs.

To retain vitamins and minerals, cook potatoes in their jackets whether you serve them creamed, parsley buttered, mashed or hash-browned. Use a small amount of water and after they start to boil, turn the heat to low and allow them to boil gently until tender.

If you pare them, keep the peelings thin. When potatoes must be peeled ahead of time, put them in salted water until time to cook.

Here are ways of serving potatoes that may help you avoid monotony.

Scalloped potatoes have a new, delicious flavor when cream of mushroom soup replaces part of the milk. For 6 medium-sized potatoes, use 1 can of soup and about 1 cup of milk—enough to cover the potatoes. Season with salt and pepper.

Browned potatoes that are temptingly different may be prepared as follows: Cook potatoes until about half done, then cool, peel and slice about 1/4 inch thick. Dip the slices first in beaten egg, then in bread crumbs, and brown in drippings in a frying pan.

SPANISH POTATOES

- 1 tablespoon minced onion
- 2 tablespoons chopped green pepper
- 2 tablespoons chopped pimiento
- 4 tablespoons oil or bacon fat
- 2 cups diced cooked potatoes
- 1/2 cup leftover cooked ham or corned pork
- 1 teaspoon salt
- 1/2 teaspoon paprika

Saute the onion, pepper and pimiento in the fat until light brown. Add potatoes, ham and seasonings and cook until thoroughly heated and lightly browned. Makes 4 servings.

MEAT-POTATOBURGERS

- 3/4 pound ground beef
- 3/4 cup ground or coarsely grated raw potato
- 1/2 cup ground or grated onion
- 2 tablespoons chopped green pepper
- 1 teaspoon salt
- 1 egg
- Drippings or other fat
- 1 cup tomato juice
- 1 tablespoon flour

Mix all ingredients except fat, tomato juice and flour. Form into 4 or 5 flat cakes. Brown the cakes on both sides in fat in a frying pan. Add the tomato juice, cover, and simmer slowly until done, about 25 minutes. Remove the cakes and keep hot. Mix flour with a little water and stir slowly into tomato juice. Simmer, stirring constantly, until thickened. Pour sauce over cakes. Makes 4 servings.

Does menu planning have you "tearing your hair" thinking up new ideas that will tempt wilted appetites?

Try serving a cold plate as the main dish, with a hot vegetable, hot bread, beverage (hot or cold) and dessert to complete the meal. This gives you a balanced meal with a hot food which is just as important in summer as in mid-winter.

Here is a suggestion for a hot-weather menu: Smoked tongue with horseradish molds, buttered frozen peas and whole kernel corn, hot biscuits, fresh peach ice cream.

SMOKED TONGUE WITH HORSE RADISH MOLDS

- 1 (3 to 3 1/2 lbs.) smoked tongue
- 1 package lime gelatine
- 1 1/2 cups hot water
- 1/4 cup prepared horseradish
- 1/2 teaspoon salt
- 2 teaspoons sugar

Cover tongue with water and let simmer in covered kettle 3 to 4 hours, or until done (this can be done in the cool of the morning). Set aside to allow tongue to cool in the broth. Remove skin and roots from tongue. Just before serving, slice and serve on a large platter with the horseradish molds. To make the molds, dissolve the gela-

tine in hot water, add horseradish, salt and sugar. (Chill in small individual molds. (Cone-shaped paper cups can be used. Stand them in glasses until the gelatine is set.) Serve one relish mold with 2 or 3 slices of tongue for each person. Garnish the platter with parsley, watercress or mint leaves.

For quick, easy biscuits, you might use the canned ones which are already mixed and cut. All you do is separate the biscuits and bake them for 12 to 15 minutes according to the directions on the package.

FRESH PEACH ICE CREAM

- 2 eggs, separated
- 2 tablespoons sugar
- 1/4 cup white corn syrup
- 1/2 cup sugar
- 1 teaspoon salt
- 1 cup peach pulp
- 1 cup coffee cream
- 1/2 teaspoon vanilla
- 1/4 teaspoon almond extract

Beat egg whites until stiff, gradually adding 2 tablespoons of sugar. Beat egg yolks (with the same beater), add corn syrup, salt and sugar. Continue beating until sugar is dissolved. Add peach pulp, which has been put through a food mill or sieve, then add cream, vanilla and almond extract. Fold in egg whites and freeze in refrigerator trays with control set at coldest temperature. When ice cream is half frozen, remove from tray, place in chilled bowl and beat until smooth. This must be done quickly so mixture does not melt. Return to tray. When ice cream is completely frozen, turn control to normal and allow to ripen.

Past Commanders

Plan Legion's

20th Xmas Party

By WALTER HOLLAND

In keeping with the tradition of Albany Post 292, American Legion, Past Commanders of the post will stage the 20th Annual Christmas party for members and their ladies in the Memorial Building at 8 p. m. Friday night, Dec. 17. Jack Hamilton, junior past commander, is serving as chairman of the committee planning the affair.

Of the 21 Past Commanders of Albany Post, 20 are still active in the post and will aid Hamilton with arrangements. They include John H. Evans, Alexander Ford, J. Robert Moore, Frank C. Graeber Sr., Peter Schiller, Walter L. Holland, Earl Hodgkins, Ammon A. Cook, Leon Fay, James A. Sartain, Walker Lyon, Charles Lindh, Roy Harford, Godfrey P. Hanson, Howard F. Hill, Russell Rothschild, Lee J. Carroll, and Mason Layton. Missing from the roster will be Frank Schutter, who died in 1944.

Past Commanders who have served other posts and are now active in Albany are Joe Benjamin, Dr. E. A. Coe, William Garren, Carl Waters and Wayne Clark.

Bernard Johnson, as a representative of Santa Claus, is expected to be on hand with a gift for each of the ladies present.

A drawing by members in good standing for a turkey prize and a blind auction will add to the entertainment of the evening. In the auction articles of guaranteed value will be knocked down to amazingly low prices. Heading the auction will be Howard Hill and Lee Carroll.

Miss Marjorie Stott, president of the Auxiliary Unit, will appoint a group of past presidents to serve as a welcoming committee for the ladies.

**Mable Young
Weds William
Hansen Sunday**

Fifty guests attended the wedding of Mabel Young and William Hansen, Sunday, Dec. 5. The bride and groom pledged their troth before a satin draped altar in the music alcove of the living room at the home of Mr. and Mrs. Harold W. Olson. Pink snapdragons banked a tall silver cross and white tapers in silver candelabras, completed the setting. Dr. Fred Stripp of Berkeley performed the marriage ceremony. Attendants were May and Harold Olson.

Immediately following the wedding, a reception was held at the home of Mr. and Mrs. Henry Villa, where the traditional wedding cake was passed. After the reception, the bride and groom left in a shower of rice and good wishes for their honeymoon at an undisclosed destination.

We are shocked

We have interviewed the welfare agencies of the Community Chest...
We have visited them and have seen their work at first hand...
We know their budget requests are fair and right...
We know their programs are sound...

BUT—we ALSO know that Albany has failed to support adequately these agencies which are trying to meet the welfare needs of this community and its people.

We are shocked — at the apathy of many people in the face of the unmet needs as we know them!

You, too, would be shocked if you had sat through long budget sessions, as we have, and heard how failure of the Chest drive means that

- ... many working mothers, the sole support of their families, will be unable to obtain day care for their children
- ... the chronically ill will be deprived of nursing care in their homes
- ... already, necessary travelers aid has been discontinued at terminals during night hours
- ... there will be actual reduction in the work of organizations dealing with youth, in the very face of increasing juvenile delinquency
- ... families at the point of break-up have had to be denied help and counselling by family-welfare agencies
- ... many other welfare services must be curtailed

On our advice, the campaign committee set this year's Chest goal at \$297,590 of which only \$246,000 — just 82% — has been raised thus far. This is too little. It will not sustain the necessary welfare services of our community at even minimum standards.

We would fail in our duty if we did not call these facts to your attention. We are sure you will not fail in your duty, when you know the need.

We must determine, by December 14, how much each of the 21 welfare agencies will be able to do in the coming year. This will depend upon the funds on hand—or pledged—by that date. Won't you give your added help... NOW?

If you have already given... please give more.

If you have not given... please send in your pledge or contribution.

If you gave elsewhere, but live in Berkeley, Albany or Kensington... please give something to this, your home Chest.

Pledges for later payment are welcomed

Public Law 877, which grants disability benefits to veterans who are 50 per cent disability compensation has brought to light that few veterans have taken advantage of it. Also, it is necessary to have certified copies of all marriage, divorce, death and birth records "C" files. Another important factor is that if you become disabled you may meet the 100 per cent disability requirement and so confined and will be entitled to such increase as long as such status.

Expiration of "Term Life Insurance Policies: These policies run for eight years. If the veteran took a policy in 1941, (for example), it would expire in 1949.

Through the Veterans Administration is sending out warnings to veterans of these policies two months

before expiration date veterans are warned not to wait for such notices but to take action promptly to renew their policies or convert them.

Suspension of G. I. Subsidance Payments: The V. A. has been ordered to strictly adhere to the law pertaining to G. I. Training subsistence payments and they will be suspended in all cases where the employer or the institution with which the Veteran is under training, fails to submit a monthly progress report (Form 7-1907-C). The veteran will be notified of the suspension and reason therefore, and allowed 60 days in which to persuade employer or institution to comply.

State Bonuses: Six states passed bonus measures at the polls, can apply as soon as information is available: Indiana, legislature must take action; Minnesota, legislature must take action; Louisiana, department of Veterans Affairs has advised application forms are being prepared; Iowa, South Dakota, Washington, Information is being

requested and as soon as received will be passed along.

The following states have defeated bonus bills: Missouri, Nebraska, Oregon, Wisconsin.

JOHN W. BRISON,
Service Officer.

CARD OF THANKS

The family of the late Staff Sergeant John Bonvicino wish to express their sincere thanks and appreciation to their many friends for the beautiful floral offerings, words of sympathy and the many acts of kindness rendered them in their loss of a loving son, brother, and father.

Thar's Pie Crust on The Range, Podner

Albany police have labeled this one "Case of the Finicky Burglars" and are on the alert for a guitar player with berry stains on his face.

Two or more thieves, hungry but very particular about their eating broke into the J and J Restaurant at 437 San Pablo Ave. last Friday night. Investigating the reported entry Saturday morning, officers found the culprits had eaten only the crusts of two pies, apple and

berry if you please, and drank four bottles of soda pop.

Also missing were two T-bone steaks, five pounds of hamburger and 10 pork chops.

A love of music was indicated in the theft of a guitar, Gene Autry style. The juke box had been tampered with in an attempt to break open the coin container.

The screen covering a window on the east rear side of the building had been removed and the window forced open with a convenient mop handle.

years ago. More than one million children will wake up this Christmas morning and find crisp, new Savings Bonds in their stockings. Recognizing the increasing tendency of Americans to make bonds a must on their gift list, the government has aided by issuing a special, free, gift jacket. They are available at all post offices and banks with each bond purchased.

Reproduced in four colors, with a gift tag across one corner, the jackets have space to insert the name of the giver and receiver. Industry and business are making increasing use of gift bonds as a year end bonus. More than 5,000 companies will make such presents this Christmas.

Commenting on the selection of savings bonds as Christmas gifts,

W. W. Crocker, chairman, Treasury Department's Northern California volunteer committee, says: "The bond is a better gift than cash, for it is an invitation to save instead of to spend—and it grows." Series E savings bonds come in denominations of \$25, \$50, \$100, \$200, \$500 and 1,000. This Christmas, Uncle Sam will distribute \$10 million in interest on savings bonds bought in the Christmas season ten years ago.

New P. G. and E. station brings power and beauty to San Francisco

Dramatic symbol of electricity today is P. G. and E.'s new transmission and distribution station on Mission Street near San Francisco's Civic Center. The station was designed along clean, functional lines with massive construction — a modern style of architecture that reflects dignity and strength, and adds to the city's beauty. Two 110,000-volt underground cables — first in San Francisco's history — carry power into the building where it is transformed, "stepped down," into lower, usable voltage. The current is then fed into the intricate network of substations and distribution lines that supply San Francisco's homes and businesses with light and power.

This giant circuit-breaker regulates the power, turns it on and off as it's needed... like the light switch on your wall. It automatically controls the flow of tremendous electrical energy to the station's transformers.

New 75-ton transformers are expensive... so is all other equipment which goes into our new facilities. Since V-J Day, we've spent \$300,000,000 in new construction... money which has come from thousands of investors.

Work never stops on our power-building program

Christian Science Churches

This question, "Is the Universe, Including Man, Evolved by Atomic Force," is the subject of the Christian Science Lesson-Sermon for Sunday, December 19. The Golden Text is "The Lord hath prepared his throne in the heavens; and his kingdom ruleth over all" (Psalms 103:19).

Included in the sermon are the following citations:

The Bible: "But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Nevertheless we, according to his promise, look for new heavens and a new earth,

wherein dwelleth righteousness" (Peter 3:10, 13).

"Science and Health with the Scriptures" by Mary Eddy: "The compounded or aggregated substances of the earth, the relations, constituent masses hold together, the magnitudes, dimensions, and revolutions of the bodies, are of no real importance when we remember that must give place to the spirit by the translation of man's universe back into Spirit. Portion as this is done, man's universe will be found harmonious and eternal" (p. 209).
